

INTRODUCTION TO SYSTEMATIC REVIEWS FOR FOOD AND FEED RELATED TOPICS

AMES, IOWA
JUNE 26-28, 2017

TOPICS • [The role of systematic reviews and their impacts](#) • How to develop a protocol for a systematic review • [Literature searching for food and feed related topics](#) • Risk of Bias tools for randomizing controlled trials, observational studies and experiments • [Data extraction](#) • Synthesis and meta-analysis • [Reporting and disseminating of systematic reviews](#)

PROGRAM

JUNE 26 • 9:00am—5:00pm

JUNE 27 • 9:00am—5:00pm

JUNE 28 • 9:00am—12:00pm

INSTRUCTORS

Dr. Julie Glanville has been Associate Director of YHEC since 2008. She coordinates YHEC's information and review services to customers who require literature searches and reviews ranging from rapid reviews to systematic reviews and network meta-analyses.

Jan Sargeant is the Director for the Centre for Public Health and Zoonoses at the University of Guelph, and a Professor of Epidemiology in the Department of Population Medicine, Ontario Veterinary College. Dr. Sargeant is a veterinarian and an epidemiologist.

Dr. Annette O'Connor is a veterinary epidemiologist who works in the area of research synthesis related to food production, public health, food safety and uses of animals.

REGISTER FOR RELATED WORKSHOPS

This workshop will be followed by a 2-day workshop in meta-analysis | register.extension.iastate.edu/systematic

REGISTER TODAY

COURSE OUTLINE

The aim of this course is to provide an introduction to systematic review methodology with a focus on food and feed related topics. The use of systematic reviews is growing outside of the traditional areas of clinical practices. In this 3-day workshop we will focus on applying the methodology to food and feed related topics

REGISTRATION FEE

Introduction to Systematic Reviews—\$1000

\$1200 after April 15

Comprehensive Meta-Analysis—\$650

\$850 after April 15

Both Workshops—\$1500

\$1700 after April 15

ASSUMED KNOWLEDGE

It isn't expected that participants have any background or familiarity with systematic reviews
